

Huons

Product List

Healthcare Innovator

To Provide a medical solution for human health

I Overview

Huons has manufactured high quality finished pharmaceutical products since 1965 and developed first local anesthetics and plastic ampoule injection in Korea. The technology and know-how accumulated over the years combined with our research and development efforts enables us to supply the best quality products.

I Market Leader

Huons is the market leader of dental anesthetics holding over 80% market share in Korea. We are focused on the development, marketing and sales of dental anesthetics and plastic ampoule injections.

I Global Partnership

Huons is exporting the finished pharmaceutical products to over 30 countries including North America, Europe, Japan, Vietnam, South Asia, South America, and Africa. We look forward to collaborating with your respected company.

I The New cGMP Plant (Plant 2)

Huons is building a new cGMP plant to meet the growing demand for eye drops and injectables. When fully operational, the annual production capacity will more than double. Moreover, the new plant will enable us to introduce systemized inventory management. Our storage capacity will increase from 2,904 to 6,024 cells of medical products.

I Main products

- 1) US FDA approved local anesthetics : Lidocaine and Articaine injections
- 2) Dental anesthetics
 - Lidocaine with epinephrine injection - Articaine with epinephrine injection
- 3) Eye drops : "Kynex3 (Sodium Hyaluronate)" and "Clacier (Cyclosporin)"
 - * Strategic partnership with Alcon
- 4) HA pre-filled syringe for osteoarthritis : "High Hyal Once inj." (Long lasting effect)
- 5) Various prescription drugs

I Total Healthcare Group
